# The highest quality European fabrics

## **LEACRIL by Sattler - for the models: MonteCarlo, Monaco, Filius, Schattello and Albatros**

100% acrylic fibre; spun dyed. Weight 300g/m<sup>2</sup>. Weather resistant and water repellent to 37 HPa. Efficient protection against oil, fat, growth of mildew and pollution. Very high light and colour fastness. Tested acc. to Oko-Tex standard 100 as well as the UV standard. DIN non fade rating "7". Two tone fabric with alternating panels on request. Attention! White folds are possible during processing or transit. This is a natural occurrence known as chalking and cannot be compensated for.

## **TEMPOTEST by Para - for models Antibes, Palermo, Sirio, San Marino, Quadri and Trieste**

The Tempotest® fabric collection is specifically designed for outdoors and is perfect for sun protection, garden furniture and for both interior and exteriors of boats. Tempotest® combines the resistance and performance of 100% dyed solution fabric, with a Teflon based finish, style and colour, and it is available in a full range of 400 different patterns featuring elegance and originality. Thanks to its innovative finishing, Tempotest® fabrics are water and oil repellent and resistant to mould, stains salt and U.V. fading.

## **DICKSON ORCHESTRA - for models: Malaga**

Orchestra awning fabrics are designed for your comfort and well-being. Material > 100% solution-dyed acrylic. Solar factor (SF) >> blocks up to 95% of glare effect. Thermal comfort > reduces heat by up to 95%, prevents greenhouse effects. Protection > UPF 12+, UPF 30+ and UPF 50+ up to 100% of UV rays filtered. Treatment > Cleangard® for awnings. Based on nanotechnology for unrivalled resistance to stains, oils and fats, water, and soiling. Exceptional resistance to water. Colour fastness under UV rays and bad weather > 7 to 8/8.

**Disclaimer:** The purpose of this document is to serve only as a guide and reference point for colour selection. All data presented within this document is offered to the best of our current knowledge and is subject to manufacturing changes that we may or may not be advised of. Digitally printed images may not necessarily reflect a true representation of the actual colour shade. It is the responsibility of the client and/or clients representative to satisfy themselves over the chosen colour[s]. We strongly recommend that actual fabric samples are acquired before final colour specification. Samples are available from Morton Parasols. Morton Products Limited will not be responsible in the event that the client is dissatisfied with the colour shade.
